

SUPT. WEIR WAS POISONED.

Unknown Enemies Removed the Chief of Pittsburgh's Police.

All Efforts to Trace the Crime Thus Far Baffled.

(BY ASSOCIATED PRESS.)

PITTSBURGH, April 12.—It has just been learned that the Chief of Police, Superintendent Weir, who died suddenly three months ago, was poisoned.

At the time of his death his friends had suspicions of foul play, but they kept matters secret in the hope that some clue might be discovered that would lead to the discovery of the murderer. Whoever gave the fatal dose, however, covered his tracks so well that every effort to discover him has proved a failure.

Supt. Weir was ailing for weeks before his death. One day he would seem better and the next he would be seized with terrible paroxysms that baffled his physician's skill.

After his burial several of his friends quietly went to Greenwood cemetery, examined the body and removed the stomach and spleen, after which the corpse was returned to the grave. The intestines were submitted to an analytical chemist for examination. His work is not finished, but it has been found that enough poison had been taken to kill several men.

The stomach had been literally eaten up with a violent poison of one kind, and there are evidences that another kind had been used. One poison was corrosive sublimate and the other is thought to be arsenic.

The chemist was not even informed whose stomach it was that had been submitted to him.

DISINHERITED BY MME. PATTI.

The Diva Scandalized by Her Favorite Nephew's Actions.

Mme. Adelina Patti has been scandalized by the recent doings of her favorite nephew, Alfredo Barilli, whom she has always held out as one of the heirs of her fortune, and according to despatches from Kansas City this morning she now announces that she will cut him off without a cent and have nothing more to do with him.

The cause of this sudden change of feeling is a pending divorce suit and an action for \$50,000 damages, in which Barilli has become mixed up.

The plaintiff in both suits is Dr. M. P. Horine, of Chicago, who brings the divorce suit against his young wife, and the action for damages against Barilli, whom he charges with alienating her affections.

Dr. Horine, who had obtained from his wife a number of letters written to her by Barilli, laid them before Mme. Patti when she was in Chicago last winter. She had heard something of the scandal in her nephew's family, but when she knew the whole story she was very indignant, and sent for Barilli to come to her at once.

He obeyed the summons, it is said, but could not explain matters. His aunt told him that, unless he would renounce the doctor's wife forever, she would cut him off. He promised to give her up, but it now appears that they met in St. Louis in March last and stayed at one of the hotels there under assumed names.

When Dr. Horine learned this he began his action for damages and a divorce, and informed Mme. Patti of her nephew's treacherous conduct. It aroused her deepest wrath and she declared that she would cut him off, and that she would never give a cent of her money to such an unworthy nephew.

WICKHAM PAYS HIS BARBER.

The Ex-Mayor Settles with Tonsorial Artist Kluge.

Paul Kluge, the barber of 917 Madison avenue, has finally collected his bill of \$137.50, with interest, against ex-Mayor William H. Wickham.

Barber Kluge shaved Mr. Wickham under contract so much a week and let the bill run on until it amounted to the sum named, including \$20 of borrowed money.

When Mr. Wickham refused to pay it he was sued, and a judgment obtained against him for the amount. The proceedings were then instituted by Barber Kluge, when Mr. Wickham came forward and paid his bill, getting a receipt in full.

DIED AT THE DINNER TABLE.

Sudden End of a New York Drummer in a Chicago Eating House.

D. Wilcox & Co., the wholesale jewellers at 162 Broadway, received word this morning of the sudden death of George C. Reynolds, one of their travelling salesmen, in a Chicago eating-house.

He was eating his dinner about 7 o'clock last evening in Boyle's restaurant, with D. J. Liston, another salesman from New York, when he suddenly fell from his chair in a fainting fit, and died within a few minutes before a doctor could be summoned.

His death is said to have been caused by heart disease. Reynolds's body will be brought back to thirty for burial.

WAS MR. CLARKE A VICTIM?

Confidence Men Said to Have Worked a Little Game on Him.

Lawyer Richard L. Clarke, President of the Catholic Protective, whose daughter is to wed city chamberlain, Crain next week, is reported to have been lunched out of \$4,800 by the confidence trick worked upon him by two confederates, one of whom wanted to buy and the other to sell certain shares of stock.

Mr. Clarke declines to affirm or deny the truth of the report.

MAY Tie Up the New Eng. and

(BY ASSOCIATED PRESS.)

Boston, April 12.—It is said that a general tie-up of the New York and New England Railroad will follow any attempt to apply to the engineers and firemen the 10 per cent. reduction in salaries which goes into effect next Monday for most of the men.

Worked the Film-Flam Game on Him. Harry L. Williams was held by Judge Hogan in the Yorkville court this morning on the complaint of Charles Frey, a tailor, of 130 East Thirty-ninth street, who charges that Williams robbed him of \$18 by the film-flam game. Frey charged that on March 1, Williams, identified Williams as the man who had film-flamed him two years ago.

CHANGES AT THE THEATRES.

Rose Coghlan in "Dorothy's Dilemma" at the Grand-Opera.

Lydia Thompson at the Fourteenth Herrmann at the People's.

(BY ASSOCIATED PRESS.)

Rose Coghlan was the star at the Grand Opera last night, and the play was "Dorothy's Dilemma," by means of one of the shining gems of Miss Coghlan's repertoire. The play is not without amusing spots and quaint situations, but it is far-fetched, and scarcely legitimately so. Miss Coghlan did good work, as she generally does, and, in fact, the life, the tuckiness, the everything of the piece. The cast, on the whole, was good, and the play was well put on the stage.

That seemingly delicate and even of perpetual youth, known as Lydia Thompson, was at the Fourteenth Street Theatre last night, at the People's Theatre, and she is distinctly a success. Her play, "Dorothy's Dilemma," is a play of the last two Mrs. Thompsons appeared to great advantage. The performance pleased the audience.

Prof. Herrmann, who has not favored the metropolis very much of late, mystified a large audience at the People's Theatre last night. His play, "Dorothy's Dilemma," is a play of the last two Mrs. Thompsons appeared to great advantage. The performance pleased the audience.

IN THE WORLD OF SPORTS.

Hall and Fitzsimmons May Sign To-Day for a Fight.

Aquatics Prominent in the Summer Athletic Programmes.

(BY ASSOCIATED PRESS.)

For more than a year pugilists Jim Hall and Bob Fitzsimmons have made a great deal of talk relative to the arrangement of a match to meet each other in the ring. Each has all sorts of stories to tell about having knocked the other out in New Zealand, and how easily one could make the other bite the dust if he would only meet him in a fight to a finish. They did sign articles to fight before the Twin City Club at Minneapolis over a twelve-month ago, but the authorities broke up the game and the war of words has continued to this day.

Both men are now in this city knocking verbal chips from each other's shoulders. Each seems fairly swelling for a fight. Jimmy Carroll, however, has a firm grip on Fitz's collar and Parson Davies is holding down Hall.

During the last forty-eight hours Fitzsimmons has been clear of his underlings and now declares that he will fight Hall at his own weight, 164 pounds. The men have agreed to meet to-day to arrange terms for an encounter in the ring in the near future.

The Fitzsimmons side designates the city multiple or California Athletic club as its choice of a place for the fight. The city Athletic club will make a strong effort to have the fight pulled off there.

Sporting men about town are pretty evenly divided in opinion as to whether Hall and Fitzsimmons will make a match at this time. It is safe to prophesy that they will not come to terms without considerable verbal sparring. They are not bound together by the most endearing ties of friendship and the negotiations are quite likely to resemble an encounter of flint and steel.

The first special bout was between the seventy-pounders, E. Walker, Hanover A. C., and J. Kelly, of the Lottford A. C. After three rounds of hard fighting Kelly won.

The event of the evening was a contest for the title of champion of the world between J. J. Brannan, of the Lottford Athletic Club, and P. Kearney, of the Lottford Athletic Club. The men fought to a draw.

FINDING THE PROOF.

How an Editor Convinced a Financier.

A Doubter Is Given Unquestionable Proof Which He Did Not Believe Could Be Produced.

(BY ASSOCIATED PRESS.)

"It is all very well," said a prominent Wall Street financier to a New York editor, "for you newspaper men to investigate and recommend anything which can help the people, but the proofs you bring are not definite enough and are too far away from home. Why don't you produce some New York proof? Simply because you can't do it."

The above conversation occurred in the lobby of the Fifth Avenue Hotel, and the editor, who was a member of the "Pittsburgh Courier," said to the editor, "that with a week I can produce confirmation evidence right here in New York that every newspaper man has made concerning this investigation is true."

The results of the editorial work are given herewith. On Eleventh street, near Avenue B, is an attractive Methodist Episcopal Church. The Rev. Dr. H. W. Baker is its pastor, and he ministers to the body as well as the souls of his congregation. In his work he has an assistant in the person of a New York editor.

He said: "I hardly know where to begin to enumerate the cures I have effected in my congregation. One case, that of a gentleman whose name I will withhold for the present, came to mind. More than a year ago his case was diagnosed by two of the leading physicians of the city—specialists in the treatment of diseases of the kidneys. I was called to take charge when these gentlemen abandoned the case. I found the man in a desperate condition, almost at death's door. His blood contained over 60 per cent. albumen. I commenced treatment with Warner's Safe Cure and have not since. As a result, the man will in a few days be at his office. My wife and I are both staunch friends of Warner's Safe Cure. In extreme cases of chronic Bright's disease the effects have exceeded our expectations. While in sluggishness of the liver it is invaluable."

This church is fortunate in having such a pastor, who labors so unobtrusively to relieve the wants of his people.

Dr. S. Allen, a prominent physician, was found at his office, No. 140 East Eighty-third street. In reply to the editor's question he said: "Yes, it is true, as you have heard, that I have prescribed Warner's Safe Cure. I have used it for the past eight years in my practice, and effectively, too, in cases of gravel and bladder troubles. You can find my prescriptions on file with several New York druggists and are at liberty to use them if you wish."

"I am a medical student and a graduate of pharmacy," said C. A. Baum, of No. 303 East Seventh street, "and have repeatedly advised persons suffering from Bright's disease and other kidney difficulties to use Warner's Safe Cure. I have witnessed its results, and believe from experience that its effects are such as to justify one using it to secure a long lease of life."

Mr. C. A. Baum is well known as the proprietor of Actus. He was at his office, No. 207 East Eighth street, yesterday, and in conversation with some friends remarked: "I never since the hazy days of my practice, and effectively, too, in cases of gravel and bladder troubles. You can find my prescriptions on file with several New York druggists and are at liberty to use them if you wish."
